

HSAjet MiniTouch

HSAjet MT-HP4

Touch Controller ideal for integration on packaging lines - webs - inserters - folders - collators

5.7" Touch Interface

Use the touch pen or simply a pointed finger to control the MiniTouch printer. Illustrative, easy to understand icons lead you through all phases of building your printjob making printing simple and fast.

Easy to integrate and use

With its small size, the printer fits where you want it. The compact version gives you controller and printhead in one unit. It is ideal for side printing, i.e. on boxes.

Flexible - choose from ½" - 2" printheight
The HSAjet MiniTouch HP is easily expanded in printheight.

Mount the controller directly on a one or two-pen printhead for a compact version or utilize the flexibility of the MiniTouch to connect up to 4 pens to the controller, either as 1 printhead or 4 single printheads.

Print at breakthrough speeds of up to 300 m/min in 300 x 150 dpi

- Bitmaps
- Counter
- Numbers
- Date & time
- Fixed text
- Barcodes
- Multiple fonts
- Real-time printing

HP TIJ 2.5 technology

The printer's individual HP ink cartridges and printheads, combined with HP Printing Technology, deliver consistent, high-quality, fast printing, exceptional value, and ease of use. If you're printing in high volumes an ink bulk supply system can give you an even more cost-reductive solution.

Robust design

The elegant black aluminium-casing underlines the robust design perfect for installation in production environments.

The USB port is found on the side of the MiniTouch. A small cover protects it when not in use.

Technical Details

HSAJet MT-HP4

Easy-to-use printer software

- Add, edit or remove print objects
- Programmable directly from touch screen
- Print queue makes changing of layouts easier
- Ink level visualizer
